UN VOLUNTEER DESCRIPTION OF ASSIGNMENT

TLSR000106--Monitoring and Evaluation and Knowledge Management Specialist (for Spotlight Initiative)

The United Nations Volunteers (UNV) programme is the UN organization that promotes volunteerism to support peace and development worldwide. Volunteerism can transform the pace and nature of development and it benefits both society at large and the individual volunteer. UNV contributes to peace and development by advocating for volunteerism globally, encouraging partners to integrate volunteerism into development programming, and mobilizing volunteers. In most cultures, volunteerism is deeply embedded in long-established, ancient traditions of sharing and support within the communities. In this context, UN Volunteers take part in various forms of volunteerism and play a role in development and peace together with co-workers, host agencies and local communities. In all assignments, UN Volunteers promote volunteerism through their action and conduct. Engaging in volunteer activity can effectively and positively enrich their understanding of local and social realities, as well as create a bridge between themselves and the people in their host community. This will make the time they spend as UN Volunteers even more rewarding and productive.

Living Conditions

Timor Leste is half of a tropical island on the Australian continental shelf characterized by a rugged mountain chain running east-west that divides the country into a generally warmer north coast and a milder south coast. The capital city, Dili, is located in the north.

Climate: The climate along the coast is relatively warm hot year round with an annual average temperature of 30°C. There are two distinct seasons: the north-east monsoon season, which runs from November to March, constitutes the rainy season throughout the country. The south-east monsoon...
season, which runs from March to October, constitutes the dry season with some rain on the southern coast but otherwise dry and windy conditions in the rest of the country. The climate inland with its high mountains can be very cold with an annual average temperature of 15°C.

Health: At the moment, Stamford clinic serves as a recommended medical facility for UN staff. It has two approved UN physicians that can perform primary healthcare and simpler treatments, or recommend medical evacuation to Singapore. There is a national hospital with some international staff and a limited number of other private clinics in Dili. For more complex medical treatment and assessment, it is necessary to evacuate to neighboring countries such as Darwin or Singapore.

Diet, Food and Water: Most staple foods can be found in the markets such as rice, meat, vegetables, cooking oil, salt and sugar. There are many local markets around Dili as well as four supermarkets that are stocked with imported goods, mainly from Australia, Indonesia, Singapore and China. Dili has a large number of restaurants, cafes and bars. There is a variety of food ranging from Western to Southeast Asian fare. You can also find several local warungs with less expensive meals. The price range for a meal can range from $3 to $20+.

Telecommunications: At the moment, there are three telecommunication providers in country, Timor Telecom and Telcomcel and Telemor. While Timor Telecom has been long present, Telcomcel and Telemor were newly launched in Timor-Leste, and started operating in February 2013. The SIM cards cost $2-3 and pre-paid/pulsa cards range from $1 to $50. Further, depending on UN Agency, you may receive a PIN code to make international phone calls that will be charged to your VLA.

Hotels: The UNV Field unit in Dili will help arrange your initial accommodation in a hotel, at your expense. Most of the hotels in Dili are aimed at internationals and offer a good level of comfort with air-conditioned rooms and en-suite bathrooms. You can expect to pay from $30 to $50 per night.

Permanent Accommodation: Expect that your accommodation will range from the very basic to adequate, although many private houses in Dili have been renovated to a reasonable or even considered ‘luxurious’ level of comfort. The rate of reconstruction and renovation in the districts has been much slower than in Dili. Accommodation is far more likely to be of a very basic level.

Conditions of Service for International Specialist:

The contract lasts for the period indicated above with possibility of extensions subject to availability of funding, operational necessity and satisfactory performance. However, there is no expectation of renewal of the assignment.

A UN Volunteer receives a Volunteer Living Allowance (VLA) which is composed of the Monthly Living Allowance (MLA) and a Family Allowance (FA) for those with dependents (maximum three).

The Volunteer Living Allowance (VLA) is paid at the end of each month to cover housing, utilities, transportation, communications and other basic needs. The VLA can be computed by applying the Post-Adjustment Multiplier (PAM) to the VLA base rate of US$ 1,631. The VLA base rate is a global rate across the world, while the PAM is duty station/country-specific and fluctuates on a monthly basis according to the cost of living. This method ensures that international UN Volunteers have comparable purchasing power at all duty stations irrespective of varying costs of living. The PAM is established by the International Civil Service Commission (ICSC) and is published at the beginning of every month on the ICSC website http://icsc.un.org.

For UN Volunteer entitlements, kindly refer to the link https://vmam.unv.org/calculator/entitlements

In non-family duty stations that belong to hardship categories D or E, as classified by the ICSC,

Furthermore, UN Volunteers are provided a settling-in-grant (SIG) at the start of the assignment (if the volunteer did not reside in the duty station for at least 6 months prior to taking up the assignment) and in the event of a permanent reassignment to another duty station.

UNV provides life, health, permanent disability insurances as well as assignment travel, annual leave, full integration in the UN security framework (including residential security reimbursements).

UN Volunteers are paid Daily Subsistence Allowance at the UN rate for official travels, flight tickets for periodic home visit and for the final repatriation travel (if applicable). Resettlement allowance is paid for satisfactory service at the end of the assignment.

UNV will provide, together with the offer of assignment, a copy of the Conditions of Service, including Code of conduct, to the successful candidate.
